## ***Vaccination and TB Skin Test Clinic Dates*** **November 2009 / January 2010**

**SEE complete Vaccination Policy and TB Skin Test Policy at [School of Health Sciences, Vaccine and TB Skin Test Information](#)**

Students enrolled in certain educational programs may be required to show documentation of being vaccinated or history of the disease or serologic immunity to **hepatitis A, hepatitis B, measles, mumps, rubella, chicken pox** (varicella), **tetanus** and/or **rabies** as well as provide evidence of no pulmonary disease (tuberculosis) **BEFORE** entering into “clinical” educational training.

Testing to determine serological immunity requires a laboratory order provided by a licensed healthcare provider. See information provided on the above website link [School of Health Sciences, Vaccines and TB Skin Test Information, Blood Tests for Immunity](#)

**\*\*\* PROGRAM REQUIREMENTS VARY \*\*\***

**Consult with your program director and/or advisor for specific program requirements and deadlines for vaccines and TB skin test.**

***IT IS THE STUDENT’S RESPONSIBILITY TO KNOW WHAT IS REQUIRED FOR HIS/HER SPECIFIC PROGRAM OF STUDY.***

CSN and ***Michael J. Silvers, D.O., MPH*** of ***ImmuVax Travel Medicine Clinic*** are working together to assist health program students in meeting their immunizations and tuberculosis skin test requirements. ***Students may elect to utilize these clinics or opt to get the required vaccines and tuberculosis skin test from another source.***
