Licensure as a Registered Nurse
All states require Registered Nurses to be licensed. To become licensed in the State of Nevada, you must have graduated from an approved school of professional nursing and passed the RN national licensing examination.

In addition to successfully completing the prescribed course of study in an approved school of nursing, the Nevada Nurse Practice Act (NRS 632.140) requires that candidates for licensure be (1) of good moral character and (2) in good physical and mental health. Prospective students are advised that if they have been convicted of a felony prior to admission to the program that this may preclude subsequent licensure to practice as a nurse in Nevada (NRS 632.320).
